About speaker – Mr. Deepak Pillai

Deepak has practiced exclusively in the areas of Information Technology and Data Protection since 1997 and is acknowledged as a leading IT and Data Protection lawyer in Malaysia.

Deepak advises clients on matters relating to IT contracts, electronic commerce, online financial services, outsourcing, telecommunications, IT security, personal data protection and digital media. He advises a wide array of international, private and public sector clientele in addressing the commercial, regulatory and policy issues relating to information and communications technology law, ranging from negotiating complex information technology contracts to advising public sector agencies on proposed technology related legislation and policies.
