The Professional Standards and Development sub-committee has continued momentum from previous years and has continued to arrange numerous lectures and seminars for its members.

We did our best to provide current and relevant topics to enable Selangor Bar Members to have a finger at the pulse at what is going on around the legal arena in state as well as national level.

We thank Ms Vasantha, the sub-committee's executive officer enough for her dedication and support in ensuring every talk went smoothly.

Our presenters varied from Academic, Practitioners, Consultants and even Pupil in Chambers, we believe in an equal opportunity to allow to share their knowledge at our platform.

This sub-committee is nothing without its Speakers, and we take this opportunity to record our immense appreciation and gratitude for sacrificing their time to be with us to make us better informed, to the Moderators who equally made this possible we are indebted to you.

We had offered several lectures *gratis* for our Members unfortunately the uptake was not as we expected but hope the numbers will increase in future.

In 2018 we started the *Selangor Bar Chairman Lecture Series* which will bring the Professional Standards & Development to a greater height.

Appended below is what we have done thus far, we take responsibility for any shortcomings thus far and would appreciate any feedback to improve the delivery of the legal education in Selangor Bar in the future.

Most of the talks are held in the afternoon except for presentations by Lembaga Hasil Dalam Negeri Malaysia, which are held in the morning. Seminar which require longer hours are held on Saturdays.

Thank you.
